Spanish War Veterans From All Over State Expected At Exercises Sunday Afternoon At Seaside Park When Maine Relic Will Be Dedicated.

Arrangements are now complete for the unveiling of the Maine memorial tablet which will be placed at Seaside park in a building between the Spanish cannon and the flag staff. The tablet, which is made of bronze from the wrecked battleship Maine, is a memorial to the soldiers and sailors who died in the war with Spain. It is expected that Spanish war veterans from all over the state will attend the dedication exercises which will begin at 3 o'clock. Department Commander Charles W. Jones of Bangor, Maine, will be in charge of the exercises. The unveiling of the tablet will be made by the Hon. John G. Tilton of New Haven, member of Congress. Major Elton is a past department commander of the Connecticut Spanish American War Veterans' association. During the war served as major in the First Tennessee. Congressman Tilton is a politician. Following his address, four little girls will draw the tablet. The unveiling of the tablet will be covered.

Department Commander Jones will then present the tablet to the city. On behalf of the city, City Clerk Robinson will accept the tablet and then deliver it to the park commissioners. Attorney Charles Stuart Canfield and Morris B. Beardsley will accept the tablet for the park commissioners. Judge Alfred B. Boring, commander-in-chief of the Grand Army of the Republic, will also deliver an address as a patriot.

Summary OF THE War News

Italian troops are pushing steadily into Austria, along the line running north of the Gulf of Trieste. Apparently the Austrians have offered no serious resistance, although further west there has been severe fighting.

An official statement from Rome announces the occupation of the Austrian town of Grado, states that a squadron of Italian aeroplanes successfully attacked the Trieste-Nabresina railroad, probably cutting the line.

Additional territory along the Tyrol frontier has been occupied.

In their northern campaign the Russians are still being pressed closely by the Austrian and German armies. Official reports from Vienna state that further successes have been won in the district of Przemyśl, the capture of which would be a serious blow to the Russians.

The Petrograd war office, however, views the situation in Galicia optimistically, saying the Teutonic allies have been checked and that their attacks all along the front from the upper Vistula to the San have been repulsed with heavy losses to the attackers.

The German submarine campaign, which has been unusually active during the last week has resulted in the sinking of an English vessel. The steamer Cadaby was sunk yesterday off the Scilly Islands by the shellfire of a submarine. The crew of 18 men and the four passengers were saved.

Sunday morning at 7:30 the members of Bishop camp will go to the various cemeteries to place flags and flowers on the graves of their deceased comrades. Sunday evening the camp will attend service at the First Presbyterian church in State street.

Monday morning the camp members will take the 7:51 train to New Haven where they will take place in the Memorial parade then returning in time to participate in the parade here in the afternoon. After the parade here the members of the camp will be served refreshments in Odd Fellows' hall by the members of Major C. H. Bonesteel auxiliary.

Official VIEWS OF World's War ITALIAN

Rome, May 28.—A successful raid upon the Trieste-Nabresina railroad by a squadron of Italian hydro-aeroplanes together with the occupation of additional Austrian territory along the Tyrol frontier and on the Friuli front are reported in an official statement issued tonight by the Italian war office.

It is stated that an artillery battle is raging between the Italian fortified positions on the Trentino front and those of the Austrians.

The communication follows: "On the Tyrol Trentino front an artillery combat continues between our fortified positions and those of the enemy at Trento and on the Asiago Plateau. To the north we have extended the territory occupied up to the mouth of the Chiasso river in Lake Idro and have occupied the rugged, mountainous zone extending between Lake Idro and Gardone." "Notables of Trieste in Valanga and occupied parts presented themselves to our authorities, expressing sentiments of patriotism and the devotion of the population."

"Our Alpine troops continued successful combats on the Caricicola front where we are capturing prisoners."

"On the Friuli front we occupied Grada where the population welcomed us enthusiastically."

"During the night of the 26th-27th, a squadron of hydro-aeroplanes raided the enemy's territory, throwing bombs on the Trieste-Nabresina railroad, causing damage and interrupting the line. In spite of the violent artillery fire of the enemy the squadron returned safely."

TURKISH
Constantinople, May 28.—Fresh activity of Turkish forces in the vicinity of Kurna, Mesopotamia, is announced in a war office statement which says: "In a night attack by volunteers in boats we captured two English positions which we still are holding."

Kurna is on the right bank of the Tigris river at the junction with the Euphrates.

FRENCH
Paris, May 28.—The French war office last afternoon issued the following statement on the progress of hostilities:

"The counter-attacks of the enemy against the positions taken by us near Angres continued last night but were repulsed by us."

"At Ablain St. Nazaire our troops yesterday followed up their offensive movement with distinct success. They took possession early in the night of the group of houses nearby, including the paragonage which had been strongly protected by the enemy."

"The bombardment reported yesterday by the Germans from Ecurie and Rooincourt continued all night long but it was not followed up by an infantry attack."

"In the environs of the forest of LeFratre we delivered an attack yesterday evening which resulted in our gaining ground. At the same time we took about 60 prisoners, including several officers."

"There has been nothing new on the remainder of the front."

TRIDUUM WILL BE HELD IN CATHOLIC CHURCHES OF STATE NEXT MONTH.

Hartford, May 28.—Rt. Rev. John J. Nilan, bishop of the diocese of Hartford, has issued the following: "A triduum in honor of the Blessed Eucharist will be held in all the churches of this diocese Friday, Saturday and Sunday, June 4, 5 and 6."

"The Eucharistic Triduum is prescribed by the Sovereign Pontiff with the object of fostering greater devotion to our Divine Lord in the Holy Eucharist and promoting the practice of daily communion."

"The prescribed exercises for these days include a sermon on Holy Communion. Exposition of the Blessed Sacrament and the recitation of the enclosed prayer."

"A partial indulgence of seven years and seven quarantines is granted on each day of the triduum, a plenary indulgence on any day of the triduum."

The Weather:—Fair tonight; Saturday cloudy, warmer.

Better suit than usual—

\$17.50

Blue suits that have life; ready for men who know good value.

Splendid woollens, little quiet tartan checks and Glen Urquhart plaids—but with blue as the prevailing tone.

Know a lot of men who pick 'em in preference to plain blue.

Might tell the same story about browns.

And there's a fine lot of grays.

There's a special lot of suits at \$17.50—and in the lot just about every sort of fancy suit that hits men's fancy.

No age limit on them: a style for young men of all ages.

Each is a this-season's suit fresh from the shop.

It came either from Hart Schaffner & Marx or the House of Kuppenheimer. That tells a plain story of good style and good value and fine thorough tailoring.

Clearup of the season's odd suits is responsible. We

picked from that clearup

what we wanted. You pick

Howland baking is like home baking.

Many and many a time, a cake from Howland's has been praised as the product of the home oven.

That's high enough praise.

Into Howland pies and cakes and cookies, there is put only one grade of material—the best.

Expert compounding and careful baking do the rest.

Deep black, pure white, and a number of colors including blue and gray and pink,—

\$1.10.
